More than anything, we want to see poverty and people thrive.

We know when it's time to leave.

We honor the people we serve by inviting them to contribute to the process. Through understanding and we do what others claim can't be done.

Our view of poverty is holistic and complex. Our solutions are innovative and community-specific. We courageously seek out the overlooked and advocate for the underserved. We're agents of change. We work, we feed, we teach, we love, but when it’s time, we leave.

God called and we responded until physical and spiritual hungers ended worldwide.

We seek to end ALL forms of human poverty by going into the hard places and closely walking with the world’s most vulnerable people, including children, women, and families to build transformational relationships, usher justice, and renew communities so God’s purpose is revealed in each person we serve.

More than anything, we want to see poverty and people thrive.

God called and we responded until physical and spiritual hungers ended worldwide.
