

We seek to end ALL forms of human poverty by going into the hard places and closely walking with the world's most vulnerable people. We provide life-changing resources such as clean water, medical aid, food, equal educational opportunities to girls and boys, vocational training and empowerment in the midst of unimaginable hardships. We're moved and inspired by our Christian belief that every person has intrinsic value and that it's our responsibility to advocate for the poor and marginalized.

Our view of poverty is holistic and complex. Our solutions are innovative and community-specific. We are grateful to be invited into the communities we serve and work side-by-side with local leaders responding to their needs with transformative solutions, which are both sustainable and implemented at the hands of the communities themselves.

We were created for this work. We are ending poverty, together.

## About Food for the Hungry

*Together we follow God's call responding to human suffering and graduating communities from extreme poverty. Our vision is to see all forms of poverty ended worldwide.*
